Despair and Despondency No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely endured completely apset the nerves if long continued.

Dr. Pierce's Favorito Prescription is a positive cure for weakness and disease of the feminine organism.

It allays inflammation, heals ulceration and soothes pain.

It tones and builds up the nerves. It fits for wifehood and motherhood. Honest medicine dealers sell it, and have nothing to urge upon you as "just as good." It is non-secret, non-alcoholic and has a record of forty years of cures. Ask Your Natomoons. They probably know of some of its many cures. If you want a book that tells all about woman's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of maling endy, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to date edition, in paper covers.
